Robert McNeely Given Federal Appointment

Mr. McNeely has presented his resignation as business agent to the Carpenters' Union, which held a special meeting on Thursday night at Cudworth hall to act on the resignation. It was accepted with regret and past president John J. Sweeney of Thames Union No. 127, U. B. of C. and J. of A., was elected business agent to succeed Mr. McNeely. Mr. Sweeney is well fitted for the duties of the office.

At the meeting also, at which President Sweeney presided, Mr. McNeely presented to Mr. Sweeney on behalf of the union a handsome fountain pen, suitably inscribed. It was received with appreciation. Sweeney's valuable services to the union for four consecutive years up to the first of last July. He responded with a neat speech expressing his appreciation of the gift.

Besides his connection with the Carpenters' Union, Mr. McNeely has been prominent in civic life, while a resident of this city for many years. He is a member of the Chamber of Commerce and is also a member of the town school board. It is not expected that his new duties will oblige him to resign from the school board. For the present his family will continue to reside at home at 508 Bowdoin avenue. He was elected business agent of the union at the meeting on Thursday night.

ROBERT MCNEELY.

Robert McNeely, who has been business agent for the Carpenters' Union for the past five years, has been given the appointment as senior examiner in this state under the United States department of labor, and is to report in Hartford next Monday morning to take up his duties. His work will be connected with the office of federal director Leo A. Korper, whose office is at the capitol at Hartford.

FRANCIS P. BENT LOSES CONGRESS NOMINATION

Francis P. Bent, formerly of this city, lost the nomination for congress in his district in Greenpoint, Long Island, this week, when he was beaten by 225 votes by his republican opponent. The Brooklyn Eagle says of the contest in the primary:

Francis P. Bent, Republican, was nominated for Congress at the primary yesterday by both the Democratic and Republican parties. In this way the voters of the Greenpoint district rebuked the Democratic organization for the manner in which Joseph V. Flynn, famous for his record of absence from Congress, had represented the Congressional District during the past four years.

MacCraty was not only nominated by his own (Republican) party, but he was also victor by a plurality of 225 votes over Francis P. Bent, the Democratic nominee, and now has practically a clear field for election.

MacCraty's feat in walking off with the Democratic nomination is regarded as one of the most spectacular political coups ever accomplished in Kings County. Bent, the McCooey candidate, was designated by the Democratic machine after Flynn had been turned down for a renomination because of his record, which was expected by The Eagle. He had already served two terms in Congress, winning in 1914 over George Senebiter, Republican, by 2,240 votes, and again in 1916, over Jared J. Chambers, Republican, by 1,292.

LEBANON PILGRIMS WILL HAVE AUTO MARKERS

"En Route to Lebanon" markers for use on the windshields of automobiles which participate in the patriotic pilgrimages to historic Lebanon on Sunday, Sept. 8, have been mailed from Hartford to all council of defense war bureau and town committees and are ready for distribution. Those who contemplate making the pilgrimage to Lebanon should secure these markers and paste them on the windshields of their cars. The markers are in the shape of a small flag. The use of these markers explains to those who see the car on the road on Sunday that it is on a patriotic pilgrimage. The markers are in the shape of a small flag. The introduction of military training into secondary schools throughout the country is being advanced by information given out by Arthur Howe, state director of the United States boys working reserve.

His return from a meeting on this subject in Washington.

The adoption of a standard uniform for the introduction of military drill into high schools and the educational equivalents in the United States were discussed at the meeting by officials of the department of labor in conference with the War Department committee on education and special training.

It is reported that school boards in many large cities throughout the United States are already considering plans for the purchase of uniforms and the introduction of military drill.

The hope is held by officials that such boards will defer letting contracts for uniforms until plans now under consideration by the War Department are announced, in order that the uniforms and the method of drill for boys in secondary schools may be standardized all over the country.

STOLE POCKETBOOK
 At the county fair Harry Minson, a youth of 21 years, was arrested Thursday morning in New London by Detectives Nelson Smith and Patrick Murphy. Mrs. William Hickey of New London was at the Norwich fair Wednesday with Mrs. C. B. Hanson of 125 Bath street, and she left her handbag in Mrs. Hanson's automobile. Minson found the bag, which contained a silver watch, some money, a knife, a pen, and a book, and he took it to the Union Bank and Trust Co., showing deposits of about \$500.

The loss was reported to the Norwich, and also to the New London, police. Captain Pinney sent Officers Smith and Murphy down to Mrs. Hanson's car and were informed that Thursday morning a young man had appeared at her home with the bank book. She said that he found it at the fair grounds and that he belonged to William and came all the way from William to return the book.

He asked for three dollars to cover the expenses of his trip, and the three dollars was paid him.

When he departed, it was noticed that instead of going up, he turned down the street and the officers went down that way to locate him. Officer Smith said Minson opposite the bank, and when he saw the policeman he jumped into his auto bus to make his escape, but Smith and Murphy grabbed him.

At the police station, he admitted the theft of the bag and offered to go with the police to the Norwich fair grounds and show them where he had hidden it. He was brought to Norwich in an endeavor to locate the bag and articles which it contained.

Minson asked the police if they were to take him to the Norwich fair grounds and they told him they were not making any promises at this time.
